

```
Enter dimensions of rectangle(l and b):
```

```
4 5
```

```
Enter dimensions of triangle(base and height):
```

```
4 7.6
```

```
Enter dimensions of circle(radius):
```

```
4.5
```

```
Area of rectangle is 20.0
```

```
Area of triangle is 15.2
```

```
Area of circle is 63.61725123519331
```

```
